This exciting experience is back again for another year.

After a hugely successful Maker Fest in 2017, we're back with another huge exploratorium of inventive action that aims to give young people the tools and inspiration to create.

**It's a place for
INVENTORS, TINKERS,
BUILDERS, CRAFTERS
& WANNABE-SCIENTISTS**

It is a makers showcase with the intention of encouraging others to dabble in inventing something themselves.

The program this year will include:

- Workshops by inventors and makers
- Demonstrations of cutting edge technologies, and
- Hands-on activities for kids and adults

A detailed program of events will be available soon!

As this event is open to the public, to help us with planning please indicate if you plan on attending, your approximate student numbers and if you are likely to attend part of the day or all day.
